

UNIBAIL-RODAMCO

(incorporated with limited liability in the Republic of France)

EURO 4,000,000,000 Euro Medium Term Note Programme Due from one month to 30 years from the date of original issue

Under the Euro Medium Term Note Programme (the "**Programme**") described in this base prospectus (the "**Base Prospectus**"), Unibail-Rodamco (the "**Issuer**" or "**Unibail-Rodamco**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the "**Notes**"). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 4,000,000,000 (or its equivalent in other currencies) unless the amount of the Programme is increased following the date hereof.

This Base Prospectus supersedes the base prospectus dated 30 June 2006 prepared in connection with the Programme. Any Notes issued under the Programme on or after the date of this Base Prospectus are issued subject to the provisions herein. This does not affect any Notes already issued.

Application has been made (i) to the *Commission de surveillance du secteur financier* (the "**CSSF**") in Luxembourg in its capacity as competent authority under the *loi relative aux prospectus pour valeurs mobilières* dated 10 July 2005 for approval of this Base Prospectus for the purposes of Directive 2003/71/EC (the "**Prospectus Directive**"). Application has also been made to the Luxembourg Stock Exchange for Notes issued under this Base Prospectus to be admitted to the official list of the Luxembourg Stock Exchange (the "**Official List**") and to be admitted to trading on the Luxembourg Stock Exchange's regulated market. References in this Base Prospectus to the Notes being "listed" and all related references shall mean that the Notes have been admitted to the Official List and admitted to trading on the Luxembourg Stock Exchange's regulated market. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of Directive 93/22/EC (the "**Investment Services Directive**") and, after its implementation into Luxembourg Law, for the purposes of Directive 2004/39/EC on Markets in Financial Instruments (each such market being a "**Regulated Market**"). Application may also be made to the competent authority of any other Member State of the European Economic Area ("**EEA**") for Notes issued under the Programme to be listed and admitted to trading on any Regulated Market in such Member State. The Issuer may also issue Notes under the Programme that are not listed on any stock exchange or Regulated Market. The relevant Final Terms (as defined below) in respect of each issue of Notes will specify whether such Notes will be listed and, if so, the relevant FIMD Regulated Market or stock exchange(s).

Each Series (as defined in "Summary") of Notes will be represented on issue by a temporary global note (each a "**temporary Global Note**") or a permanent global note (each a "**permanent Global Note**") without coupons attached. If the Global Notes are stated in the applicable Final Terms to be issued in new global note form ("**New Global Notes**" or "**NGNs**") they may be intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream banking, société anonyme ("**Clearstream, Luxembourg**").

Global Notes which are not issued in NGN form ("**Classic Global Notes**" or "**CGNs**") may (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream Luxembourg, be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream Luxembourg, and (b) in the case of a Tranche intended to be cleared through Euroclear France S.A. ("**Euroclear France**") on the issue date with Euroclear France, acting as central depository and (c) in the case of a Tranche intended to be cleared through a clearing system other than, or in addition to, Euroclear and Clearstream Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined in "Summary"). Interests in a temporary Global Note will be exchangeable, in whole or in part, for interests in a permanent Global Note on or after the Exchange Date (as defined on page 49), upon certification of non-U.S. beneficial ownership. The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described in "Summary of Provisions Relating to the Notes while in Global Form".

The Programme has been rated A by Standard & Poor's Ratings Services, a division of the McGraw Hill Companies Inc. ("**S&P**"), and A3 by Moody's Investors Service ("**Moody's**"). Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The issue price, interest (if any) payable, the aggregate nominal amount and other terms and conditions not contained herein which are applicable to each Tranche (as defined under "General Description of the Programme") of Notes to be issued under the Programme will be determined by the Issuer and the Relevant Dealer(s) based on the prevailing market conditions at the time of the issue of such Notes and will be set out in the relevant Final Terms.

This summary is provided for purposes of the issue of Notes of a denomination less than Euro 50,000. Investors in Notes of a denomination greater than Euro 50,000 should not rely on this summary in any way and the Issuer accepts no liability to such investors. Following the implementation of the relevant provisions of the Prospectus Directive in each member state of the European Economic Area (an “EEA State”), no civil liability will attach to the Issuer in any such EEA State solely on the basis of this summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent to a significant extent when read together with the other parts of this Base Prospectus. Where a claim relating to the information contained in this Base Prospectus is brought before a court in an EEA State, the plaintiff may, under the national legislation of the EEA State where the claim is brought, be required to bear the costs of translating this Base Prospectus before the legal proceedings are initiated.

Essential characteristics and risks associated with the Issuer

The Issuer

The Issuer is incorporated under French law as a *société anonyme* governed by the French *Code de commerce*. Its registered office and place of business are at 5, boulevard Maiesherbes, 75008 Paris, France.

The corporate object of the Issuer in France and abroad is the acquisition, management, letting, leasing, sale and exchange of all types of land, buildings, real property and real property rights, the development of all types of land, the construction of all buildings and the fitting out of all property complexes, whether directly, or through the acquisition of investments or interests, or by creating any civil or commercial company or economic interest group.

The Issuer is currently engaged in three commercial property activities: the investment in, and management of, offices, shopping centres and convention-exhibition centres as well as related activities including services and event organising and has a property portfolio valued at approximately Euro 23.9 billion as at 30 June 2007.

Essential risks associated with the Issuer

The Issuer is a commercial property investment company, and is therefore subject to certain risks. To make payments on the Notes issued under the Programme, the Issuer will depend on the income it receives from its business operations. The level of cash flows generated by its business operations depends on the capacity of its assets to generate income. The income-producing capacity of the Issuer's properties may be adversely affected by a large number of factors, and property leasing risks. The Issuer's ability to make payments under the Notes issued under the Programme may be dependent on occupancy of its assets and payments being made by the tenants of its properties. Each tenant may become unable to meet its obligations under the relevant lease or may fail to pay the rents on the due date or at all.

Other risk factors include risk inherent to all commercial companies, risk in development projects and acquisition process, risk in managing construction and refurbishment projects, insurance and risk cover, regulation / litigation, tax exposure, health, safety and environment, financial risks, risk in the production of financial and accounting data and expropriation and compulsory acquisition of properties, and risks relating to the combination with Rodamco Europe N.V. (“**Rodamco**”) all as more fully set out in “Risk Factors” in this Base Prospectus.

Credit ratings may not reflect all risks

The ratings may not reflect the potential impact of all risks related to structure, market and other factors that may affect the value of the Notes.

Essential characteristics of the Programme and the Notes and risks associated with the Notes

Essential characteristics of the Programme and the Notes

Final Terms of the Notes	The aggregate principal amount, any interest rate or interest calculation, the issue price, maturity and any other terms and conditions not contained herein with respect to each Tranche of Notes will be established at the time of issuance and set forth in the relevant Final Terms.
Method of Issue	The Notes will be issued on a syndicated or non-syndicated

basis. The Notes will be issued in series (each a “**Series**”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a “**Tranche**”) on the same or different issue dates. The specific terms of each Tranche (which will be supplemented, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant Final Terms.

Initial Delivery of Notes

On or before the issue date for each Tranche, if the relevant Global Note may be intended to be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations, the Global Note will be delivered to a Common Safekeeper for Euroclear and Clearstream Luxembourg. If the relevant Global Note is not intended to be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations, the Global Note representing Notes may (or, in the case of Notes listed on the Luxembourg Stock Exchange, shall) on or before the issue date for each Tranche, be deposited with a Common Depositary for Euroclear and Clearstream Luxembourg, or in the case of a Tranche intended to be cleared through Euroclear France, on the issue date with Euroclear France acting as Central Depositary. Global Notes relating to Notes that are not listed on the Luxembourg Stock Exchange may also be deposited with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer. In the case of NGNs, any such other clearing system must be authorised to hold such notes as eligible collateral for Eurosystem monetary policy and intra-day credit operations.

Listing and Admission to Trading

Application has been made for the Notes issued under the Programme to be admitted to the Official List and to be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange. However, Notes may also be issued under the Programme whereby they will be admitted to trading and/or quotation by other stock exchanges, listing authorities and/or quotation systems as may be agreed between the Issuer and the relevant Dealer, or may be unlisted, in each case as specified in the relevant Final Terms.

Clearing Systems

The Notes shall be accepted for clearing through one or more clearing systems as specified in the relevant Final Terms. Global Notes are to be held by or on behalf of the clearing systems and therefore, potential investors will have to rely on the clearing system procedures for transfer, payment and communications with the Issuer.

Redemption

The Notes may be redeemed prior to maturity at par or at such

other redemption amount as may be specified in the relevant Final Terms. For tax reasons, in certain circumstances the Issuer may, and in certain circumstances the Issuer shall be required to, redeem the Notes in whole (but not in part).

Currencies

Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency agreed between the Issuer and the relevant Dealers, including euro.

Denomination

Definitive Notes will be in such denominations as may be specified in the relevant Final Terms save that in respect of any Notes which are to be admitted to trading on a Regulated Market or offered to the public within the territory of any EEA State, in each case in circumstances which require the publication of a prospectus under the Prospectus Directive, such Notes will have a minimum specified denomination of Euro 1,000 (or its equivalent in other currencies).

Negative Pledge

The terms and conditions of the Notes will contain a negative pledge provision as described in “Terms and Conditions of the Notes – Negative Pledge”.

Events of Default

The terms and conditions of the Notes will contain an events of default provision as described in “Terms and Conditions of the Notes – Events of Default”.

Substitution of Issuer

The terms and conditions of the Notes will contain a substitution provision as described in “Terms and Conditions of the Notes – Meetings of Noteholder and Modifications (c) Substitution” allowing the Issuer (subject to certain conditions) to substitute for itself as principal debtor under the Notes, any company that is a Subsidiary of the Issuer provided that the Notes, Receipts, Coupons, Talons and Deed of Covenant shall be unconditionally and irrevocably guaranteed by Unibail-Rodamco by means of a deed poll.

Rating

The Programme has been rated A by S&P and A3 by Moody's. Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Withholding tax

According to Article 131 *quater* of the *Code Général des Impôts* as construed by the French taxation authorities, payments in respect of the Notes will be made without withholding or deduction for, or on account of, withholding tax on interest payments set out under Article 125 A III of the French General Tax Code, to the extent that the Notes constitute *obligations* and are issued (or deemed to be issued) outside France.

Notes constituting *obligations* under French law will be issued (or deemed to be issued) outside France (i) in the case of syndicated or non-syndicated issues of Notes, if such Notes are denominated in euro, (ii) in the case of syndicated issues of Notes denominated in currencies other than euro, if, *inter*

alia, the Issuer and the relevant Dealers agree not to offer the Notes to the public in the Republic of France in connection with their distribution and such Notes are offered in the Republic of France only through an international syndicate to “qualified investors” (*investisseurs qualifiés*) as described in Article L.411-2 of the French *Code monétaire et financier* or (iii) in the case of non-syndicated issues of Notes denominated in currencies other than euro, if each of the subscribers of the Notes is domiciled or resident for tax purposes outside the Republic of France, in each case as more fully set out in the Instruction of the *Direction Générale des Impôts* 5I-II-98 dated 30 September 1998.

The tax regime applicable to Notes which do not constitute *obligations* will be set out in the relevant Final Terms.

The Issuer will, subject to certain exceptions all as more fully set out in the “Terms and Conditions of the Notes”, pay additional amounts in the event that French law requires any deduction or withholding in respect of any present or future taxes or charges.

Governing law

The Notes will be governed by English Law.

Selling Restrictions

For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material, see “Subscription and Sale” below.

Essential risks associated with the Notes

There are certain factors that may affect the Issuer’s ability to fulfil its obligations under Notes issued under the Programme.

The trading market for debt securities may be volatile and may be adversely impacted by many events.

The market for debt securities issued by issuers is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and other industrialised countries.

An active trading market for the Notes may not develop.

There can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected.

Any early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield anticipated by Noteholders to be considerably less than anticipated.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost.

Investors will not be able to calculate in advance their rate of return on Floating Rate Notes.

Interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods.

Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds.

Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk. Further, if market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating.

Investments in Index linked interest notes entail significant risks and may not be appropriate for investors lacking financial expertise.

An investment in Index Linked Interest Notes entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. The Issuer believes that Index Linked Interest Notes should only be purchased by investors who are, or who are purchasing under the guidance of, financial institutions or other professional investors that are in a position to understand the special risks that an investment in these instruments involves.

Please see "Risk factors" below for further details.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The risk factors may relate to the Issuer or to any of its subsidiaries.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors (although not exhaustive) described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer faces. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

Risk Factors relating to the Issuer

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

The Issuer is a commercial property investment company. The proceeds of the Notes issued under the Programme will be used for the general corporate purposes of the Issuer including acquisition and developing policy. To make payments on the Notes issued under the Programme, the Issuer will depend in particular on the income it receives from its business operations.

The level of cash flows generated by its business operations depends on the following factors among others:

- The capacity of assets to generate sufficient income

The income-producing capacity of the properties may be adversely affected by a large number of factors. Some of these factors relate to the properties themselves, such as:

- (i) the age, design, technical feature, location and construction quality of the properties;
- (ii) applicable regulations and perceptions regarding the safety, convenience and attractiveness of the properties;
- (iii) the proximity and attractiveness of competing office buildings, shopping centres or convention-exhibition centres or any new competing assets;
- (iv) the adequacy of the properties' management and maintenance;
- (v) increases in operating expenses;
- (vi) an increase in the capital expenditures needed to maintain the properties or make improvements or assume costs needed to comply with applicable regulations;
- (vii) vacancy rates of assets;
- (viii) a decline in rental rates as leases are renewed or entered into with new tenants;
- (ix) incapacity of tenants to pay rents;
- (x) non renewal of the leases or renewal in bad financial conditions;

- (xi) illiquidity of assets disrupting the capacity to sell assets or to sell them at prices sufficient for the Issuer to pay its liabilities; and
- (xii) evolution of valuation of assets.

Other factors of a more general nature, such as:

- (i) national, regional or local economic and/or politic conditions (including plant closures, industry slowdowns and unemployment rates);
- (ii) local property conditions from time to time (such as an oversupply or undersupply of office, retail or warehouse space);
- (iii) demographic factors;
- (iv) consumer confidence;
- (v) consumer tastes and preferences; and
- (vi) changes in building codes, planning and zoning regulations or more generally any other regulatory changes.

- Property leasing risks

The Issuer's ability to make payments under the Notes issued under the Programme may be dependent on payments being made by the tenants. Each tenant may become unable to meet its obligations under the relevant lease or may fail to pay the rents on the due date or at all.

Statutory rights of tenants

A number of statutory rights of tenants under the leases may affect the net cash flow realised from the properties or cause delay in the payment of the rental income.

Such rights may include in particular the following as per current applicable regulations:

- (i) where the Issuer as landlord is in default of its obligations under a lease, the tenant may have the right under general principles of French law (*principe d'exception d'inexécution*) to retain its rental payments until the default is cured or refrain from performing its other obligations thereunder;
- (ii) a legal right of set-off (*droit de compensation légale*) could be exercised by a tenant in respect of its rental obligations under the relevant Lease if a reciprocal debt is owed to this tenant by the Issuer as landlord or otherwise;
- (iii) French Courts may in some circumstances grant time to the tenants in respect of their payment obligations under the leases or may reschedule the debt of the tenants (in both cases not in excess of two years), treating the extension of time as a matter of procedural law governed by Articles 1244-1, 1244-2 and 1244-3 of the French Code civil, thus disregarding any provision of the leases to the contrary; and
- (iv) a tenant who owns a going-concern (*fonds de commerce*) which has been legitimately carried out acquires a protected leasehold right, subject to certain other conditions, and is entitled to the renewal of the lease (*droit au renouvellement*) upon its expiry or to compensation for eviction (*indemnité d'éviction*) should the landlord elect not to renew the lease. The compensation for eviction must compensate the tenant for any losses and costs incurred by it.

A number of statutory rights of tenants under the leases in other jurisdictions where the Issuer carries out its business may also be applicable and such rights may vary.

The exercise of any such rights may affect the ability of the Issuer to meet its obligations under the Notes issued under the Programme.

Force Majeure

French law recognises the right to termination of contracts (including leases) on the basis of impossibility of performance. For a party to be excused from performance on such grounds, there must occur a *force majeure* event usually exhibiting the following features:

- (i) the event must be unforeseeable at the time of entering into the contract;
- (ii) the event must be unavoidable; and
- (iii) the event must be insurmountable (*irrésistible*) (as opposed merely to rendering performance harder).

The French *Cour de Cassation* recently held that a force majeure could be characterised by the occurrence of an insurmountable event, irrespective of the two other features mentioned above. Hence the tenants under the leases may be released from the performance of their obligations under their respective leases when *force majeure* events make the performance of their obligations impossible. In particular, Article 1722 of the French *Code civil* provides for termination of a lease as of right in the event of total destruction of the leased premises.

Other jurisdictions where the Issuer carries out its business may also recognise the right to termination of a contract pursuant to a *force majeure* event, however the test as to what constitutes a *force majeure* event may vary. Hence the tenants under the leases may also be released from the performance of their obligations under their respective leases when *force majeure* events make the performance of their obligations impossible.

Any such events may affect the ability of the Issuer to meet its obligations under the Notes issued under the Programme.

- Risk in development projects and acquisition or disposal process

A development project can be long and complex as it requires obtaining planning permission, authorisation to carry out commercial activities, building to budget and schedule and letting the buildings. Failure to manage any of these elements exposes the Issuer to the risk of loss or underperformance or withdrawal of the project.

An acquisition or a disposal project needs legal, financial, technical and commercial review. Acquisition may give rise to the materialisation of hidden liabilities and integration risks leading to values inferior to acquisition prices.

The Group may invest in higher risk profile cities mainly in Europe in order to establish a dominant market position in key European cities. Higher risk profile involves emerging markets or areas which are politically less stable, have weaker economic prospects or have lower entry barriers for competition.

- Risk in managing construction and refurbishment projects

For construction and refurbishment projects, the Issuer selects companies by issuing invitation to tender, together with a set of specifications. A financial loss can occur if (i) the properties built by the selected company do not comply with the design specifications, (ii) the selected company goes bankrupt or (iii) the construction and renovation costs are not kept under control and do not remain in line with initial budgets.

- Insurance and risk cover

The Issuer is insured under a policy, underwritten by leading insurance companies.

No assurance can be given, however, that insurance coverage or contractual indemnities will be adequate in all circumstances or against all hazards. The occurrence of a significant event not fully insured or indemnified against or the failure of the Issuer to meet its insurance payment obligations could have a material adverse effect on the Issuer's receipt of income from the assets or its obligation to make good the damage or destruction to the assets so that the net cash flow realised

from and/or the residual value of the assets may be affected. In addition, there can be no assurance that the Issuer will be able to maintain adequate insurance coverage in the future at commercially reasonable rates or on acceptable terms.

- Regulation / litigation

The Issuer may be exposed to the risk of litigation in its activities which may have a material impact on its business and its financial position.

The Issuer is exposed to changes in governmental regulations, fiscal policy, planning/zoning or tax laws. The Issuer may also be exposed to the inadequacy between its activities and current regulations.

- Political Instability

Although the Group's operations are concentrated mainly in Europe, the Issuer may conduct business in other markets and as a result may be exposed to social, political and economic instability, among other risks.

- Tax exposure

The Group operates in a number of different tax jurisdictions. It is, therefore, exposed to financial risks from increases in tax rates and changes to the basis of taxation. These risks include in particular, but are not limited to, risks related to SIIC status and FBI status:

Tax risk link to SIIC status

Unibail-Rodamco is subject to the SIIC tax regime, which enables it to benefit from a corporate income tax exemption provided that it meets certain obligations. If Unibail-Rodamco did not respect these obligations, notably those concerning payouts, it would be liable to standard corporate income tax in respect of the relevant years, which would have a negative impact on its business activities and its results. Likewise, should one or more shareholders acting together reach the 60 per cent. ownership threshold or voting rights. Unibail-Rodamco could be faced with a supplementary tax charge in the case of dividends being paid out, free of tax to a shareholder not subject to corporate income tax or an equivalent tax holding of at least 10 per cent. of Unibail-Rodamco's share capital, if Unibail-Rodamco is not in a position to pass on the burden to the single relevant shareholder. Finally, Unibail-Rodamco remains exposed to changes in the tax rules currently in force.

Risks concerning the FBI status, due to the combination with Rodamco

A Dutch bill no. 30.533 approved on 10 July 2007 adopted certain changes to the current FBI regime which would enable a company incorporated in a member state of the European Union to adopt the FBI regime.

If Unibail-Rodamco proves unable to comply with the proposed FBI regime resulting from the bill mentioned above, then Rodamco will default under the shareholder conditions and lose its FBI status with retroactive effect as from the beginning of the relevant financial year.

A loss of FBI status would result in Rodamco's current year income and gains becoming subject to Dutch corporate tax at regular rates, with retroactive effect as from the beginning of the financial year. Furthermore, any gains that may have accrued in respect of Rodamco's assets and liabilities in previous years may become subject to Dutch corporate tax at regular rates upon a future realisation event.

In order to obtain FBI status, Unibail-Rodamco must be exclusively engaged in "passive investment" activities at the latest on expiry of the two year period (ending June 2009). Consequently, Unibail-Rodamco may need to reorganise or restructure some of its activities in order to obtain FBI status, which may have a material adverse effect on Unibail-Rodamco's business, results of operations or financial condition. In respect of the scope of the activities test, a

separate legislative proposal no. 30.689 was adopted on 10 July 2007. By virtue of this bill, an FBI company can carry out property development activities for its own account.

- Health, safety and environment

Failure to manage these risks across the Group may result in financial penalties, criminal proceedings and reputational impact. Further, the cost of complying with major changes in related laws and regulations could have a negative impact on profitability and on the overall activity.

- Financial risks

The cash flows of the Issuer could be affected by (i) its ability to refinance and/or, (ii) a significant increase in interest rate levels and/or, (iii) failure of hedging agreement to adequately address unforeseen risks and/or (iv) a default of one or more of its hedging counterparties.

Foreign currency exposure: the Group has activities and investments in countries outside the Euro-zone, primarily in Sweden. When converted into euros, the income and value of net investment may be influenced by fluctuations in exchange rates against the euro.

- Risk in the production of financial and accounting data

Accounting works can also be a source of financial risks, particularly when performing end-of-period processing, consolidating the accounts and booking off-balance sheet commitments.

- Expropriation and compulsory acquisition of properties

The Issuer may also be exposed to the “expropriation” proceeding. In such a case the expropriated owner may receive a compensation which may be below the actual value of the assets. Therefore, it could affect the financial situation of the Issuer.

- Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. In addition, a rating downgrade may lead to an increase in the cost of financing for the Issuer and may therefore lead to difficulties for the Issuer to meet its obligations.

- Risks relating to the combination with Rodamco

The integration of Unibail-Rodamco and Rodamco could prove difficult and costly and might not bring about the synergies and gains expected to be realised following their coming together.

Whether the benefits of the combination between Rodamco and Unibail Holding (“**Unibail**”) are realised and in particular whether the synergies and savings expected can be delivered will depend in part on whether the businesses of Rodamco and Unibail are integrated speedily and effectively.

Unibail could encounter major difficulties with the integration of its business with that of Rodamco, and might not realise the synergies envisaged. Factors that could affect all of the anticipated benefits and synergies include, in particular, the potential difficulties:

- implementing synergies within a consolidated entity carrying on business over a wide area;
- coordinating the activities and personnel of Rodamco and Unibail;
- mobilising the personnel and focusing the management team on the points above.

The combination might even result in an increase in costs particularly due to:

- the loss of key employees;

- differences in the standards, controls and procedures applied, in current policies, business cultures and remuneration structures, and the necessity to set up, integrate and harmonise several operational procedures and specific systems of Rodamco and Unibail, particularly financial, accounting and information systems; and
- the necessity for managers to concentrate on problems associated with the integration, which could divert their attention from their other responsibilities.

For the reasons referred to above, the integration and the anticipated benefits might not be fully realised. Furthermore, the reduction in costs and the positive effects expected at operational level could be lower than current expectations or could be achieved less rapidly than was initially envisaged.

The clauses relating to changes of shareholdings contained in some contracts entered into by Rodamco could have an adverse impact on its integration within the Group.

Rodamco is a party to contracts containing clauses relating to changes of shareholdings which could be implemented following its acquisition by Unibail. The contracts containing clauses relating to changes of shareholdings typically provide for the possibility of terminating the contract in the event of a change of shareholdings of one of the parties.

There is no certainty or reason to believe that when they appear in contracts entered into by Rodamco, such clauses will be implemented by the contracting parties and Rodamco may ask for its counterparties to waive the benefit of such clauses.

If no waiver is given, the implementation of such clauses could result in the loss of contractual rights and benefits and in the termination of the contracts. The implementation of such clauses could also result in renegotiation costs in respect of contracts that Rodamco wished to continue, on the understanding that the terms and conditions of the renegotiated contracts could be less favourable than those contained in the contracts previously in force. The implementation of such clauses could have an adverse impact on Unibail's business and financial situation following the combination with Rodamco. Nevertheless, this impact would be limited due to the small number of contracts containing such clauses to which Rodamco is party.

Finally, certain employment contracts with members of Rodamco's senior management and certain other of its employees might contain clauses relating to changes of shareholdings, providing for the payment of compensation following the completion of the combination, in the event of termination, whether by Rodamco or by the employees themselves, of the employment contracts entered into with those employees.

Risk Factors relating to the Notes

The trading market for debt securities may be volatile and may be adversely impacted by many events.

The market for debt securities issued by issuers is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and other industrialised countries. There can be no assurance that events in France, Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or that economic and market conditions will not have any other adverse effect.

An active trading market for the Notes may not develop.

There can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. The Issuer is entitled to buy the Notes, as described in Condition 5(g), and the Issuer may issue further notes, as described in Condition 12. Such transactions may favourably or adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

The Notes may be redeemed prior to maturity.

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges or whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the jurisdiction of the Issuer or a political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

Any early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield anticipated by Noteholders to be considerably less than anticipated.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

Investors will not be able to calculate in advance their rate of return on Floating Rate Notes.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds.

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

Investments in Index linked interest notes entail significant risks and may not be appropriate for investors lacking financial expertise.

An investment in Index Linked Interest Notes entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. The Issuer believes that Index Linked Interest Notes should only be purchased by investors who are, or who are purchasing under the guidance of, financial institutions or other professional investors that are in a position to understand the special risks that an investment in these instruments involves. These risks include, among other things, the possibility that:

- such index or indices may be subject to significant changes, whether due to the composition of the index itself, or because of fluctuations in value of the indexed assets;
- the resulting interest rate will be less (or may be more) than that payable on a conventional debt security issued by the Issuer through the Issuer at the same time;
- the repayment of principal can occur at times other than that expected by the investor;

- the holder of an Index Linked Interest Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest may cease to be payable on the Index Linked Interest Note;
- the risks of investing in an Index Linked Interest Note encompasses both risks relating to the underlying indexed securities or commodities and risks that are unique to the Note itself;
- any Index Linked Interest Note that is indexed to more than one type of underlying asset, or on formulae that encompass the risks associated with more than one type of asset, may carry levels of risk that are greater than Notes that are indexed to one type of asset only;
- it may not be possible for investors to hedge their exposure to these various risks relating to Index Linked Interest Notes; and
- a significant market disruption could mean that the index on which the Index Linked Interest Notes are based ceases to exist.

In addition, the value of Index Linked Interest Notes on the secondary market is subject to greater levels of risk than is the value of other Notes. The secondary market, if any, for Index Linked Interest Notes will be affected by a number of factors, independent of the creditworthiness of the Issuer and the value of the applicable currency, commodity, stock, interest rate or other index, including the volatility of the applicable currency, commodity, stock, interest rate or other index, the time remaining to the maturity of such Notes, the amount outstanding of such Notes and market interest rates. The value of the applicable currency, commodity, stock or interest rate index depends on a number of interrelated factors, including economic, financial and political events, over which the Issuer has no control. Additionally, if the formula used to determine the amount of principal, premium and/or interest payable with respect to Index Linked Interest Notes contains a multiplier or leverage factor, the effect of any change in the applicable currency, commodity, stock, interest rate or other index will be increased. The historical experience of the relevant currencies, commodities, stocks or interest rate indices should not be taken as an indication of future performance of such currencies, commodities, stock, interest rate or other indices during the term of any Index Linked Interest Note. Additionally, there may be regulatory and other ramifications associated with the ownership by certain investors of certain Index Linked Interest Notes.

The credit ratings assigned to the Issuer's Programme are a reflection of the credit status of the Issuer, and in no way are a reflection of the potential impact of any of the factors discussed above, or any other factors, on the market value of any Index Linked Interest Note. Accordingly, prospective investors should consult their own financial and legal advisors as to the risks entailed by an investment in Index Linked Interest Notes and the suitability of such Notes in light of their particular circumstances.

Various transactions by the Issuer could impact the performance of any Index Linked Interest Notes, which could lead to conflicts of interest between the Issuer and holders of its Index Linked Interest Notes.

Exchange rate risks and exchange controls.

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Fixed Rate Notes	Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc.;
- (ii) by reference to LIBOR, LIBID, LIMEAN or EURIBOR (or such other benchmark as may be specified in the relevant Final Terms) as adjusted for any applicable margin; or
- (iii) as otherwise set out in the applicable Final Terms.

Interest periods will be specified in the relevant Final Terms.

Zero Coupon Notes

Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Dual Currency Notes

Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Dual Currency Notes will be made in such currencies, and based on such rates of exchange as may be specified in the relevant Final Terms.

Index Linked Notes

Payments of principal in respect of Index Linked Redemption Notes or of interest in respect of Index Linked Interest Notes will be calculated by reference to such index and/or formula as may be specified in the relevant Final Terms.

Interest Periods and Interest Rates

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Redemption

The Notes may be redeemed prior to maturity at par or at such other redemption amount as may be specified in the relevant Final Terms. For tax reasons, in certain circumstances the Issuer may, and in certain circumstances the Issuer shall be required to, redeem the Notes in whole (but not in part).

Other Notes

Terms applicable to high interest Notes, low interest Notes, step-up Notes, step-down Notes, reverse dual currency Notes, optional dual curriculum Notes, partly paid Notes and any other type of Note that the Issuer, and any Dealer or Dealers may agree to issue under the Programme will be set

	out in the relevant Final Terms.
Optional Redemption	The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the holders, and if so the terms applicable to such redemption.
Status of Notes	The Notes will constitute unsubordinated and unsecured obligations of the Issuer, all as described in “Terms and Conditions of the Notes — Status”.
Negative Pledge	The terms and conditions of the Notes will contain a negative pledge provision as described in “Terms and Conditions of the Notes – Negative Pledge”.
Events of Default	The terms and conditions of the Notes will contain an events of default provision as described in “Terms and Conditions of the Notes – Events of Default”.
Rating	The Programme has been rated A by S&P and A3 by Moody's. Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.
Early Redemption	Except as provided in “Optional Redemption” above, Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons. See “Terms and Conditions of the Notes — Redemption, Purchase and Options”.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the definitive Notes. References in the Conditions to "Notes" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued pursuant to an Amended and Restated Agency Agreement dated 14 September 2007 (as amended or supplemented as at the Issue Date) between the Issuer, BNP Paribas Securities Services, Luxembourg Branch as fiscal agent and the other agents named in it (the "**Agency Agreement**") and with the benefit of an Amended and Restated Deed of Covenant dated 14 September 2007 (as amended or supplemented as at the Issue Date, the "**Deed of Covenant**") executed by the Issuer in relation to the Notes. The fiscal agent, the paying agents, the calculation agent(s), the redenomination agent and the consolidation agent for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agents**" (which expression shall include the Fiscal Agent), the "**Calculation Agent(s)**", the "**Redenomination Agent**" and the "**Consolidation Agent**". The Noteholders (as defined below), the holders of the interest coupons (the "**Coupons**") relating to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the "**Talons**") (the "**Couponholders**") and the holders of the receipts for the payment of instalments of principal (the "**Receipts**") relating to Notes of which the principal is payable in instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

As used in these Conditions, "**Tranche**" means Notes which are identical in all respects.

Copies of the Agency Agreement and the Deed of Covenant are available for inspection at the specified offices of each of the Paying Agents.

The Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

(b) **Title**

Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an

interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Note and the Receipts relating to it, “**holder**” (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Note, Receipt, Coupon or Talon and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

(c) Redenomination

The Issuer may (if so specified hereon) without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days’ notice in accordance with Condition 13, redenominate all, but not some only, of the Notes of any Series on or after the date on which the Member State of the European Union in whose national currency such Notes are denominated has become a participant member in the third stage of European economic and monetary union (“**EMU**”), all as more fully provided hereon.

2 Status

The Notes and the Receipts and Coupons relating to them constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank and will rank *pari passu* without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

3 Negative Pledge

The Issuer will not, and will ensure that none of its Subsidiaries will, create or permit to subsist any Security Interest upon the whole or any part of their respective assets or revenues, present or future, to secure any Relevant Debt or any guarantee or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, either the Issuer’s obligations under the Notes are rateably and equally secured therewith or benefit from a guarantee or indemnity in substantially identical terms thereto except, in the case of any entity which becomes a subsidiary of the Issuer (through acquisition or otherwise) or which is merged into the Issuer or into any Subsidiary, for any Security Interest existing on or over any assets or revenues of such entity on the date on which it becomes a Subsidiary or is merged into the Issuer or a Subsidiary or in respect of which a binding agreement to create it exists provided such Security Interest was not created in contemplation of or in connection with it becoming a Subsidiary or being so merged.

For the purposes of these Conditions:

“**Relevant Debt**” means any present or future indebtedness in the form of or represented by notes (*obligations*) or other securities (*titres*, as referred to in article L.211-1 of the *Code monétaire et financier* (excluding securities referred to in paragraphs I-3 and I-4 and I-5 (as far as it relates to paragraphs I-3 and I-4) of such article and *copies exécutoires à ordre*)), which are or are capable of being quoted, admitted to trading or ordinarily dealt in on any regulated market.

For a person or entity to be “controlled” by another person or entity means that such other person or entity holds or owns, either directly or indirectly, a percentage of the share capital of such person or entity which entitles it to exercise a majority of voting rights at the general assemblies of such person or entity.

4 Interest and other Calculations

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(h).

(b) *Interest on Floating Rate Notes and Index Linked Interest Notes*

(i) Interest Payment Dates

Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 4(h). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) Rate of Interest for Floating Rate Notes

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;

- (y) the Designated Maturity is a period specified hereon; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity", "Reset Date" and "Swap Transaction" have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

- (x) Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided hereon.

- (y) if the Relevant Screen Page is not available or, if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (x)(2) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant

Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(iv) **Rate of Interest for Index Linked Interest Notes**

The Rate of Interest in respect of Index Linked Interest Notes for each Interest Accrual Period shall be determined in the manner specified hereon and interest will accrue by reference to an Index or Formula as specified hereon.

(c) **Zero Coupon Notes**

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 5(b)(i)).

(d) **Dual Currency Notes**

In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified hereon.

(e) **Partly Paid Notes**

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified hereon.

(f) **Accrual of Interest**

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to

accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 4 to the Relevant Date (as defined in Condition 7).

(g) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified hereon, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up) save in the case of yen, which shall be rounded down to the nearest yen. For these purposes "unit" means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

(h) Calculations

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(i) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts

The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange or other relevant authority and the rules of such exchange or other relevant authority so require, such exchange as

soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

“Reference Banks” means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Calculation Agent or as specified hereon

“Reference Rate” means the rate specified as such hereon

“Relevant Screen Page” means such page, section, caption, column or other part of a particular information service as may be specified hereon

(k) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them hereon and for so long as any Note is outstanding (as defined in the Agency Agreement). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

5 Redemption, Purchase and Options

(a) *Redemption by Instalments and Final Redemption*

- (i) Unless previously redeemed, purchased and cancelled as provided in this Condition 5, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified hereon. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (ii) Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.

(b) *Early Redemption*

- (i) Zero Coupon Notes
 - (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 5(C) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon.
 - (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
 - (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 5(C) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 4(C).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

- (ii) Other Notes

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 5(C) or

upon it becoming due and payable as provided in Condition 9, shall be the Final Redemption Amount unless otherwise specified hereon.

(c) *Redemption for Taxation Reasons*

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 7 below, the Issuer may, at its option, on any Interest Payment Date or, if so specified hereon, at any time, subject to having given not more than 45 nor less than 30 days' prior notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 13 redeem all, but not some only, of the Notes at their Redemption Amount together with, unless otherwise specified hereon, any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall, upon giving not less than seven nor more than 30 days' irrevocable prior notice to the Noteholders in accordance with Condition 13, redeem all, but not some only, of the Notes then outstanding at their Redemption Amount together with, unless otherwise specified hereon, any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date, the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified on this Note, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.

(d) *Redemption at the Option of the Issuer and Exercise of Issuer's Options*

If a Call Option is specified hereon, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified hereon) redeem all or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements. So

long as the Notes are admitted to trading on the Luxembourg Stock Exchange and the rules of that Stock Exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper of general circulation in Luxembourg a notice specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(e) *Redemption at the Option of Noteholders*

If a Put Option is specified hereon, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified hereon) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent at its specified office, together with a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from any Paying Agent within the notice period. No Note so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(f) *Partly Paid Notes*

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified hereon.

(g) *Purchases*

The Issuer may at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(h) *Cancellation*

All Notes which are redeemed or purchased by or on behalf of the Issuer shall be surrendered for cancellation by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and shall be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

6 Payments and Talons

(a) *Method of Payment*

Payments of principal and interest in respect of the Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 6(e)(vi)) or Coupons (in the case of interest, save as specified in Condition 6(e)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.

(b) *Payments in the United States*

Notwithstanding the foregoing, if any Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(c) *Payments Subject to Fiscal Laws*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 7. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(d) *Appointment of Agents*

The Fiscal Agent, the Paying Agents, the Calculation Agent(s), the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Calculation Agent(s), the Redenomination Agent and the Consolidation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any Paying Agent, the Calculation Agent(s), the Redenomination Agent or the Consolidation Agent and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent and, where applicable, a Redenomination Agent and a Consolidation Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) Paying Agents having specified offices in, so long as the Notes are listed on the Luxembourg Stock Exchange and the rules of such regulated market so require, Luxembourg, (iv) such other agents as may be required by the rules of any other stock exchange on which the Notes may be admitted to trading and (v) a Paying Agent in a European Union member state that will not be obliged to withhold or deduct tax pursuant to any law implementing European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Notes denominated in U.S. dollars in the circumstances described in paragraph (b) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 13 below.

(e) *Unmatured Coupons and Receipts and unexchanged Talons*

(i) Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8).

- (ii) Upon the due date for redemption of any Note comprising a Floating Rate Note, Dual Currency Interest Note or Index Linked Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Note that is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note.

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 8).

(g) Non-Business Days

If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "business day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as "**Financial Centres**" hereon and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a TARGET Business Day.

7 Taxation

(a) Tax Exemption

According to Article 131 *quater* of the *Code Général des Impôts* (General Tax Code), as construed by the French tax authorities, payments on and other revenues with respect to Notes which constitute *obligations* and are being issued or deemed to be issued outside the Republic of France benefit from the exemption from withholding tax on interest payments set out under Article 125

A III of the *Code Général des Impôts*. Accordingly, such payments do not give the right to any tax credit from any French source. The tax regime applicable to Notes which do not constitute *obligations* will be set out in the relevant Final Terms.

(b) Additional Amounts

If French law should require that payments of principal, or interest in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future taxes, duties, assessments or other governmental charges of whatever nature imposed or levied by or on behalf of the Republic of France or any authority therein or thereof having power to tax, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the Noteholders, the Receiptholders or the Couponholders, after such deduction or withholding, will receive the full amount then expressed to be due and payable thereon in the absence of such deduction or withholding, provided, however, that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) to, or to a third party on behalf of, a holder who is subject to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon;
- (ii) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day;
- (iii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (iv) by or on behalf of a holder of a Note, Coupon or Receipt who would be able to avoid such withholding or deduction by presenting the relevant Note, Coupon or Receipt to another Paying Agent in a Member State of the European Union.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it and (iii) “principal” and/or “interest” shall be deemed to include any additional amounts that may be payable under this Condition.

8 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

9 Events of Default

If any of the following events (“**Events of Default**”) occurs, the holder of any Note may give written notice to the Issuer (through the Fiscal Agent at its specified office) that such Note is immediately repayable, whereupon the Early Redemption Amount of such Note together with accrued interest to the date of payment shall become immediately due and payable without further formality, unless such event of default shall have been remedied prior to the receipt of such notice by the Fiscal Agent:

(a) Non-Payment

any amount of principal of, or interest on, any Note is not paid on the due date for payment thereof and such default is not remedied within a period of 5 business days (as defined in Condition 6(g)) from such due date; or

(b) Breach of Other Obligations

any other obligation of the Issuer under the Notes is not complied with or performed within a period of 15 business days (as defined in Condition 6(g)) after receipt by the Fiscal Agent of written notice of such default given by any Noteholder; or

(c) Cross-Default

any other present or future indebtedness of the Issuer or any of its Principal Subsidiaries (other than Non Recourse Subsidiaries which are not Excluded Subsidiaries) for borrowed moneys in excess of euro 15,000,000 (or its equivalent in any other currency) whether individually or in the aggregate, (i) becomes due and payable prior to its stated maturity as a result of a default thereunder or, in such case, enforcement of any security in respect of any such indebtedness is commenced by appropriate legal proceedings (unless contested in good faith and by appropriate legal proceedings), or (ii) any such indebtedness is not paid when due or, as the case may be, within any applicable grace period therefore or, in such case, enforcement of any security in respect of any such indebtedness is commenced by appropriate legal proceedings, or (iii) any guarantee or indemnity given by the Issuer or any of its Principal Subsidiaries (other than Non Recourse Subsidiaries which are not Excluded Subsidiaries) for, or in respect of, any such indebtedness of others shall not be honoured when due and called upon (unless contested in good faith and by appropriate proceedings); or

(d) Insolvency

the Issuer or any of its Principal Subsidiaries (other than Non Recourse Subsidiaries which are not Excluded Subsidiaries) makes any proposal for a general moratorium in relation to its debt or applies for the appointment of a *mandataire ad hoc* or enters into an amicable settlement (*procédure de conciliation*) with its creditors or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer or any of its Principal Subsidiaries (other than Non Recourse Subsidiaries which are not Excluded Subsidiaries) or, to the extent permitted by applicable law, the Issuer or any of its Principal Subsidiaries (other than Non Recourse Subsidiaries which are not Excluded Subsidiaries) is subject to any other insolvency or bankruptcy proceedings; or

(e) Illegality

it is or will become unlawful for the Issuer to perform or comply with any one or more of its obligations under the Notes; or

(f) Cessation of Business

the Issuer ceases to carry on all or a material part of its business or other operations, except for the purposes of and followed by a merger (*fusion*) or reorganisation (*cession, scission or apport partiel d'actifs*).

For the purposes of this Condition 9:

“Excluded Subsidiary” means any Non Recourse Subsidiary which is subject to a default set out in paragraph (c) or to any of the insolvency events set out in paragraph (d) of this Condition and whose Value, together with the total Value of all Principal Subsidiaries subject to such a default set out in paragraph (c) or, as the case may be, any such insolvency events set out in paragraph (d) of this Condition, exceeds at any relevant time 40 per cent. of the total Value of the Issuer.

“Non-Recourse Subsidiaries” means any Principal Subsidiary whose Non-Recourse Indebtedness represents at any relevant time (i) more than 50 per cent. of its aggregate indebtedness for borrowed money and (ii) more than euro 15,000,000 as appearing in its latest published financial statements.

“Non-Recourse Indebtedness” means any present or future indebtedness of any Principal Subsidiary with respect to which there is no contractual recourse against the Issuer or any other Subsidiary of the Issuer other than (i) recourse resulting from a pledge of shares of such Principal Subsidiary held by the Issuer or any of its Subsidiaries in order to secure such indebtedness, (ii) recourse resulting from commitments entered into by the Issuer prior to 31 December 2006 or (iii) recourse against any Subsidiary of such Principal Subsidiary to secure such indebtedness.

“Principal Subsidiary” means, at any relevant time, a Subsidiary of the Issuer:

- (i) whose Value represents not less than 5 per cent. of the total Value of the Issuer.

For the purposes of this definition and the definition of “Excluded Subsidiary”, **“Value”** means (A) with respect to any entity fully or proportionally consolidated by the Issuer, the revalued value (as defined below) of such entity’s assets, (B) with respect to any entity consolidated under the equity method by the Issuer, the value of such entity’s equity, calculated on the basis of the revalued value of such entity’s assets, in accordance with the accounting principles adopted by the Issuer for its financial statements for the most recent financial year and in proportion to the stake held by the Issuer, and (C) with respect to the Issuer, the total Value, determined in accordance with (A) and (B) above, of all assets and of all entities in which the Issuer holds, directly or indirectly, an equity interest as they appear in the latest published audited consolidated balance sheet of the Issuer. **“Revalued value”** of an asset for the purpose of this definition means the value of that asset determined by reference to valuations provided by independent appraisers for real estate assets and included in the latest published audited accounts (on a consolidated basis if such accounts are prepared) of the Issuer or the relevant Subsidiary, as the case may be, as the value of that asset.

In the event that, for any reason, the calculations of the Value of a Subsidiary or the Issuer are not available after the close of any financial year at a time when it is necessary to determine whether a Subsidiary is a Principal Subsidiary, **“Principal Subsidiary”** shall mean, with respect to such year, a Subsidiary of the Issuer whose operating income (or, where the Subsidiary in question prepares consolidated accounts, whose consolidated operating income) attributable to the Issuer represents not less than 5 per cent. of the consolidated operating income of the Issuer, all as calculated by reference to the then latest audited accounts (or consolidated accounts, as the case may be) of such Subsidiary and the then latest audited consolidated accounts of the Issuer and its consolidated Subsidiaries; or

- (ii) to which is transferred all or substantially all the assets and undertakings of a Subsidiary which, immediately prior to such transfer, is a Principal Subsidiary.

10 Meetings of Noteholders and Modifications

(a) *Meetings of Noteholders*

The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Agency Agreement) of a modification of any of these Conditions. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the

time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount (vi) to vary the currency or currencies of payment or denomination of the Notes or (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

(b) Modification of Agency Agreement

The Issuer shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

(c) Substitution

The Issuer, or any previous substituted company, may at any time, without the consent of the Noteholder, the Receiptholders or the Couponholders, substitute for itself as principal debtor under the Notes, the Receipts, the Coupons and the Talons any company (the “**Substitute**”) that is a Subsidiary of the Issuer. The substitution shall be made by a deed poll (the “**Deed Poll**”), to be substantially in the form scheduled to the Agency Agreement as Schedule 8, and may take place only if (i) the Issuer shall, by means of the Deed Poll, agree to indemnify each Noteholder and Couponholder against any tax, duty, assessment or governmental charge that is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute’s residence for tax purposes and, if different, of its incorporation with respect to any Note, Receipt, Coupon, Talon or the Deed of Covenant and that would not have been so imposed had the substitution not been made, as well as against any tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution, (ii) the Notes, Receipts, Coupons, Talons and Deed of Covenant shall be unconditionally and irrevocably guaranteed by the Issuer by means of the Deed Poll, (iii) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Deed Poll, the Notes, Receipts, Coupons, Talons and Deed of Covenant represent valid, legally binding and enforceable obligations of the Substitute and, in the case of the Deed Poll, of the Issuer as guarantor have been taken, fulfilled and done and are in full force and effect, (iv) the Substitute shall have become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it and the Issuer, for the avoidance of doubt as guarantor remaining party thereto in such capacity as guarantor with any appropriate amendments, (v) legal opinions addressed to the Noteholder shall have been delivered to them care of the Fiscal Agent on behalf of the Noteholders from a lawyer or firm of lawyers chosen by the Substitute with a leading securities practice in each

jurisdiction referred to in (i) above and in England as to the fulfilment of the conditions of paragraph (iii) and the other matters specified in the Deed Poll and (vi) the Issuer shall have given at least 14 days' prior notice in accordance with Condition 13 of such substitution to the Noteholders, stating that copies, or pending execution the agreed text, of all documents in relation to the substitution that are referred to above, or that might otherwise reasonably be regarded as material to the Noteholders, shall be available for inspection at the specified office of each of the Paying Agents.

11 Replacement of Notes, Receipts, Coupons and Talons

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Paying Agent in Luxembourg or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12 Further Issues and Consolidation

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such notes to "**Issue Date**" shall be to the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to "**Notes**" shall be construed accordingly.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a Redenomination of the Notes pursuant to Condition 1(C), on giving not less than 30 days' prior notice to the Noteholders in accordance with Condition 13, without the consent of the Noteholders or the Couponholders, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other notes have been redenominated in euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

13 Notices

Notices to the holders of Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the Financial Times) and, so long as the Notes are admitted to trading on the Luxembourg Stock Exchange and the rules of that regulated market so require, on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a daily newspaper having general circulation in Luxembourg (expected to be *d'Wort*). Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Notes in accordance with this Condition.

14 Currency Indemnity

Any amount received or recovered in a currency other than the currency in which payment under the relevant Note, Coupon or Receipt is due (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the insolvency, winding-up or dissolution of the Issuer or any of its

Principal Subsidiaries (other than Non Recourse Subsidiaries) or otherwise) by any Noteholder or Couponholder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the currency of payment under the relevant Note, Coupon or Receipt that the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If the amount received or recovered is less than the amount expressed to be due to the recipient under any Note, Coupon or Receipt, the Issuer shall indemnify it against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it shall be sufficient for the Noteholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder or Couponholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note, Coupon or Receipt or any other judgment or order.

15 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

16 Governing Law, Jurisdiction and Service of Process

(a) Governing Law

The Notes, the Receipts, the Coupons and the Talons are governed by, and shall be construed in accordance with, English law.

(b) Jurisdiction

The courts of England and France are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons ("**Legal Proceedings**") shall be brought in such courts.

(c) Service of Process

The Issuer irrevocably appoints Clifford Chance Secretaries Limited of 10 Upper Bank Street, London, E14 5JJ as its agent in England to receive, for it and on its behalf, service of process in any Legal Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 13. Nothing shall affect the right to serve process in any manner permitted by law.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes are stated in the applicable Final Terms to be issued in NGN form, they may be intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global notes which are issued in CGN form may be delivered on or prior to the original issue date of the Tranche to a Common Depositary.

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depositary for Euroclear and Clearstream Luxembourg (the “**Common Depositary**”), Euroclear or Clearstream Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. In the case of a Tranche of Notes where Euroclear France is acting as a central depository, Euroclear France upon initial deposit of a Global Note with it will credit each Approved Intermediary (as defined in the relevant Final Terms) including the correspondents of Euroclear and Clearstream Luxembourg in Euroclear France with the nominal amount of Notes they are entitled to according to the records of Euroclear France. Each Approved Intermediary will likewise credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid, and in the case of Notes held through Euroclear or Clearstream Luxembourg, Euroclear or Clearstream Luxembourg will then likewise credit each person appearing in the records maintained by each of them as entitled to such Notes with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. Notes that are initially deposited with the Common Depositary may (if indicated in the relevant Final Terms) also be credited to the accounts of subscribers with Approved Intermediaries or other clearing systems through direct or indirect accounts with Euroclear and Clearstream Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream Luxembourg or other clearing systems, in all cases subject to the rules of such clearing systems from time to time.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream Luxembourg, or any other clearing system or such Approved Intermediary, as the holder of a Note represented by a Global Note must look solely to Euroclear, Clearstream Luxembourg or such clearing system or such Approved Intermediary (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Notes, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream Luxembourg, Euroclear France or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

Exchange

Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicate that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “Summary - Selling Restrictions”), in whole, but not in part, for the Definitive Notes defined and described below; and
- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

Permanent Global Notes

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under “Partial Exchange of Permanent Global Notes”, in part for Definitive Notes:

- (i) if the relevant Final Terms provide that such Global Note is exchangeable at the request of the holder, by the holder giving notice to the Fiscal Agent of its election for such exchange; and
- (ii) otherwise, (1) if the permanent Global Note is held on behalf of Euroclear, Clearstream Luxembourg, Euroclear France or any other relevant clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (2) if principal in respect of any Notes is not paid when due, by the holder giving notice to the Fiscal Agent of its election for such exchange.

In respect of Notes with Specified Denominations of at least euro 50,000 (or its equivalent in another currency), in the event that the permanent Global Note representing such Notes is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of a Specified Denomination may need to purchase or sell, on or before the Exchange Date, a principal amount of Notes such that their holding is an integral multiple of a Specified Denomination.

Partial Exchange of Permanent Global Notes

For so long as a permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes (i) if principal in respect of any Notes is not paid when due or (ii) if so provided in, and in accordance with, the Conditions (which will be set out in the relevant Final Terms) relating to Partly Paid Notes.

Delivery of Notes

On or after any due date for exchange the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Fiscal Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes or if the Global Note is a NGN, the

Issuer will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system. In this Base Prospectus, “**Definitive Notes**” means, in relation to any Global Note, the definitive Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Agency Agreement. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

Exchange Date

“**Exchange Date**” means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located.

Amendment to Conditions

The temporary Global Notes and permanent Global Notes contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is a summary of certain of those provisions:

Payments

No payment falling due after the Exchange Date will be made on any Global Note unless Exchange for an interest in a permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes. Condition 6(d)(v) and Condition 7(b)(v) will apply to Definitive Notes only. If the Global Note is a NGN, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Payments under the NGN will be made to its holder. Each payment so made will discharge the Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

Prescription

Claims against the Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 7).

Meetings

The holder of a permanent Global Note shall (unless such permanent Global Note represents only one Note) be treated as being two persons for the purposes of any quorum requirements of meeting of Noteholders and, at any such meeting, as having one vote in respect of each integral currency unit of the Specified Currency of the Notes.

Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note.

Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer or any of its respective subsidiaries if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.

Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream Luxembourg or any other Alternative Clearing System (as the case may be).

Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the holder of the permanent Global Note giving notice to the Fiscal Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent Global Note to the Fiscal Agent, or to a Paying Agent acting on behalf of the Fiscal Agent, for notation. Where the Global Note is a NGN, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

NGN nominal amount

Where the Global Note is a NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

Events of Default

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 9 by stating in the notice to the Fiscal Agent the nominal amount of such Global Note that is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Global Note may elect for direct enforcement rights against the Issuer under the terms of an Amended and Restated Deed of Covenant executed as a deed by the Issuer on 14 September 2007 to come into effect in relation to the whole or a part of such Global Note in favour of the persons entitled to such part of such Global Note as accountholders with a clearing system. Following any such acquisition of direct rights, the Global Note will become void as to the specified portion.

Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note, except that, so long as the Notes are admitted to trading on the Luxembourg Stock Exchange and the rules of that stock exchange so require, notices shall also be published in a leading newspaper having general circulation in Luxembourg (which is expected to be *d'Wort*) or on the website of the Luxembourg Stock Exchange (www.bourse.lu).

Redenomination and Consolidation

A Global Note may be amended or replaced by the Issuer (in such manner as it considers necessary, after consultation with the Redenomination Agent and the Consolidation Agent, as the case may be) for the purposes of taking account of the redenomination and/or consolidation of the Notes in accordance with Conditions 1(C) and 12. Any consolidation may require a change in the relevant nominee or depositary for the relevant clearing system(s), as the case may be.

Partly Paid Notes

The provisions relating to Partly Paid Notes are not set out in this Base Prospectus, but will be contained in the relevant Final Terms and thereby in the Global Notes. While any instalments of the subscription moneys due from the holder of Partly Paid Notes are overdue, no interest in a Global Note representing such Notes may be exchanged for an interest in a permanent Global Note or for Definitive Notes (as the case may be). If any Noteholder fails to pay any instalment due on any Partly Paid Notes within the time specified, the Issuer may forfeit such Notes and shall have no further obligation to their holder in respect of them.

Tradeable Amounts

In respect of Notes with Specified Denominations of at least Euro 50,000 (or its equivalent in another currency), so long as such Notes are represented by a temporary Global Note or a permanent Global Note and the relevant clearing system(s) so permit, the Notes shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) and integral multiples of the Tradeable Amount provided in the Final Terms. “**Tradeable Amount**” means the amount specified in the relevant Final Terms as the minimum integral amount that may be traded by a Noteholder.

USE OF PROCEEDS

The net proceeds of the issue of Notes will be used for the general corporate purposes of the Issuer, including acquisition and developing policy. If in respect of any particular issue, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

UNIBAIL-RODAMCO

Business overview

Unibail-Rodamco (the “**Company**”) is a joint stock company (*société anonyme*) with its registered office in Paris and governed by French legislation applicable to commercial companies and in particular the French Commercial Code (*Code de commerce*). Unibail-Rodamco was incorporated on 23 July 1968 for a duration of 99 years as of its registration with the trade register (*Registre du commerce et des sociétés*) except in case of early dissolution or extension.

In accordance with article 2 of the Articles of Association revised and adopted by the General Meeting held on the 21 May 2007, the corporate object of the Company in France and abroad, is:

- investment through the acquisition, development, construction, ownership of land buildings, property assets and rights, and the fitting out of property complexes, with a view to renting them out;
- the management, rental, leasing, divestment or exchange of the above assets, either directly or through taking investments or interest ownerships, or by creating partnerships, companies or consortia;
- more generally, any financial, securities or property transactions directly or indirectly connected with the foregoing object or likely to facilitate its achievement;
- acquiring, owning or divesting of investments in any French or foreign legal entities with an activity directly or indirectly linked to the corporate object of the Company which would favour its development.

Unibail-Rodamco's perimeter has recently changed with the integration of Rodamco Europe N.V. (“**Rodamco**”) in the Unibail Group. Unibail-Rodamco emanates from the combination of Unibail Holding (“**Unibail**”) and Rodamco, through an exchange offer for Unibail shares and Unibail redeemable bonds (*ORA*) issued in exchange for existing outstanding Rodamco shares (the “**Exchange Offer**”). This operation became unconditional on 21 June 2007. Following the subsequent offer, which ended on 10 July 2007, Unibail-Rodamco holds 95.74 per cent. of Rodamco's outstanding shares. Rodamco is a fully consolidated subsidiary of Unibail-Rodamco. Consequently, Unibail-Rodamco consolidated Rodamco as of 30 June 2007.

The combination of Unibail and Rodamco (the “**Combined Entity**”) creates the leading pan-European commercial property company with a total consolidated portfolio of approximately EUR 24 billion in property value and EUR 529 million (on a half-year basis) in net rental income¹.

The Combined Entity is predominantly retail focused with 70 per cent. of its portfolio value in shopping centres. The Combined Entity's office and industrial assets, primarily located in the Paris market, represent 24 per cent. of the portfolio value and the convention and exhibition activities and services 6 per cent. of the portfolio value.

The Combined Entity benefits from:

- A unique network of large and prime shopping centres totalling 3.1 million square metres of retail space in operations and EUR 16.7 billion (including transfer taxes) of appraised property value, with a leading position in key European retail markets, especially France, the Netherlands, Spain and Sweden, complemented by strong positions in high growth emerging markets (Central Europe and Russia);

¹ Based on Pro Forma Financial Information for the half-year ending 30 June 2007.

- A prime quality office portfolio of more than 920,000 square metres² and EUR 5.7 billion (including transfer taxes) of property value³, predominantly in Paris, historically one of the most resilient markets in Europe and one with significant further growth potential, as well as attractive development projects in La Défense;
- A highly visible retail and office development pipeline of over 1.5 million square metres; and
- The network of key convention and exhibition venues operated by Unibail in the Paris region, under the name of Paris Expo, providing the Combined Entity with additional growth opportunities. The contemplated merger between Unibail's and the Paris Chamber of Commerce and Industry's (CCIP) convention and exhibition businesses may further enhance the potential of this business.

Strategy

Unibail-Rodamco is focused on large-scale premium shopping centres.

Unibail-Rodamco's strategy for its shopping centre division consists primarily of: (i) a tailor-made dynamic marketing strategy designed for each of Unibail's centres, (ii) an asset selection focused on prime large scale shopping centres and (iii) a significant development pipeline to ensure superior value creation over the long term.

Unibail-Rodamco will implement its strategy through: (i) focus on retail fundamentals (location, size, access and catchment area) and (ii) a selective development in European countries with critical mass and growth potential, led by dedicated human resources.

Markets by Geography

France

As at 30 June 2007, the market value of Unibail-Rodamco shopping centres in France accounted for 49 per cent. of the total market value of shopping centres.

The shopping centre real estate market is directly influenced by the macroeconomic context. In particular, GDP growth, consumer spending and more generally consumer confidence index, as well as interest rate, and to a lower extent inflation and cost of construction rates are key factors in determining the overall performance of this market over the medium and long term.

France is one of the most secure and highly attractive property investment markets for investors and one of the most difficult to penetrate. The shopping centre investment market in France is driven by continuing growth in demand from French and international investors.

The upward forecast for the French GDP announced by the French National Statistical Office INSEE is estimated at 2.1 per cent. for the year 2007 compared to 2.2 per cent. for 2006⁶. Several facts sustained consumer spending: improvement of spendable income, an increase in social allocations as well as contained inflation were the main reasons.

The Banque de France Index (retail sector) posted an increase of 2.5 per cent. in the first half of 2007 (compared to a cumulative increase of 3.3 per cent. for the first half of 2006). In spite of a promising start to the year, the increase in consumer spending for the first half was weakened by a particularly disappointing month of May (minus 3.5 per cent.).

The Netherlands

Assets in the Netherlands represent 21 per cent. of the total portfolio value and represent historically the largest market of Rodamco.

Sweden

Unibail-Rodamco's principal market in the Scandinavian region is Sweden (although it also has investments in Denmark and Finland), mainly in Stockholm. As of 30 June 2007, the shopping centres of Unibail-Rodamco's properties in Sweden, Denmark and Finland accounted for 11 per cent. of Unibail-Rodamco's shopping centres.

Spain

As of 30 June 2007, Unibail-Rodamco's shopping centres in Spain accounted for 11 per cent. of Unibail-Rodamco's shopping centres.

⁶ INSEE, Economic Report, June 2007.

Central Europe

For Unibail-Rodamco, the Central European market consists of Austria, the Czech Republic, Germany, Hungary, Poland, Ukraine, Russia and the Slovak Republic. As of 30 June 2007, Unibail-Rodamco's shopping centres in Central Europe accounted for 8 per cent. of Unibail-Rodamco's shopping centres.

Unibail-Rodamco views Central Europe as a region of future growth and expects the expansion of the European Union to drive economic growth, consumer spending and further investment in the region. Unibail-Rodamco no longer considers Poland, the Czech Republic and Hungary as emerging markets. Transparency and liquidity have greatly improved in these markets.

The office division

Portfolio

At 30 June 2007, Unibail-Rodamco has interest in properties with a value of EUR 5.7 billion and a total size of 923,000⁷ m² (Unibail-Rodamco's share of gross lettable area).

The following table shows certain information regarding the Company's office (and others) portfolio by geographic region as at 30 June 2007:

Geographic Region	Appraised Value ⁴	
	(in million €)	(%)
France	4,737	83%
- Paris CBD	1,856	32%
- La Défense	2,041	36%
- Western CBD & Other	841	15%
The Netherlands & Belgium	392	7%
Nordic Countries	375	7%
Others	203	3%
Total	<u>5,707</u>	<u>100</u>

As at 30 June 2007 the Office Division's portfolio comprised properties of prime quality in terms of size, technical specifications and location. Over 80 per cent. of office buildings in Unibail-Rodamco's portfolio are located in the Paris Central Business District between La Bourse and La Défense, and between Issy les Moulineaux and Levallois.

The Paris office property market during the first half 2007⁸

With almost 1.4 million m² let in the greater Paris area, at a steady level of office take-up compared to the first half of 2006, the last six months predict a successful year for 2007 with a placed letting demand at year-end estimated at approximately 2.7 million m².

Paris and Western Paris represented 72 per cent. of commercial office surface, confirming the dominant position of the traditional business sectors in Ile de France.

Although there was a rise in demand for small and medium office spaces (up by 24 per cent. in volume year-on-year) in the Central Business District (CBD), letting transactions for large office spaces (up by 17 per cent. in volume year-on-year) contributed largely to the dynamic in the La Défense business district.

⁷ Including industrial assets surfaces.

⁸ Sources: Immostat data, CBRE, Atisreal.

The vacancy rate in Ile de France stabilised at 5 per cent., despite disparities. The decline in the vacancy rate continued in the traditional business district (minus 3.8 per cent. in the CBD and 4.5 per cent. at La Défense), whereas rates just outside of Paris city centre e.g. north of Paris remained high.

The increase in headline rents reflected the decline in the vacancy rate. Because of a declining offer in good quality and well-situated office buildings, “prime” rents continued their rise to EUR 771 per m² in the CBD. Furthermore, letting incentives granted by lessors were reduced.

Despite a rise in interest rates, investment in commercial property continued to attract investors with total of investments of EUR 13.3 billion. Office property represented 76 per cent. of investments in the first half of 2007 representing EUR 10.1 billion. The success of these kind of assets was explained by market fundamentals: the low vacancy rate (in particular in the traditional business sectors), a sustained volume in letting activities and an increase in rental values. In a market with a limited offer of secured revenue high quality buildings, a high volume of available invested capital led to a fall in yield to 3.6 per cent. for “prime” office buildings in the Paris CBD.

Strategy

Unibail-Rodamco is focused on class “A” properties located in prime locations, primarily the Paris CBD and the Western business district, including La Défense, which have recently confirmed their strong appeal in this liquid and highly competitive market.

Unibail-Rodamco targets modern and efficient premises, as criteria such as floor space efficiency, ergonomics of facilities, ease of access and geographic proximity to their customers now become as crucial as price per square metre.

Unibail-Rodamco’s strategy for its office division consists of the following: (i) intense asset and property management to capture most of the value creation; (ii) development of first class assets through large-scale restructuring; (iii) lettings, then divestments of most mature assets post restructuring; and (iv) selective acquisition and development opportunities.

Industrials

In addition to office properties, the Group has a small but stable portfolio of investments in warehouses and other facilities for the European logistics and industrial sectors.

The Convention-Exhibition centres division

The following table shows certain information regarding the Company’s convention-exhibition portfolio by geographic region as at 30 June 2007:

Geographic Region	Appraised Value	
	(in millions €)	(%)
Paris and West CBD	943	100
Total	943	100

As at 30 June 2007, the Convention-Exhibition Division encompasses the following business activities:

- Exhibition venue management activities, under the umbrella brand Paris Expo, on the following sites: (i) Parc des Expositions at Porte de Versailles, (ii) Cnit in La Défense, (iii) Carrousel du Louvre, (iv) Espace Champerret, (v) Cœur Défense Conference Centre, (vi) Palais des Sports at Porte de Versailles, and (vii) Espace Grande Arche in La Défense.

- The Méridien Montparnasse and Cnit Hilton hotel. The direct management of the Cnit Hilton hotel has been transferred to Hilton under an operating lease agreement effective since 2 May 2003.
- Trade show organisation through Exposium, a leading French trade show organiser.

The Convention and Exhibition market

Convention and Exhibition venues

The convention and exhibition market consists of three business segments: exhibitions, conventions and corporate events. Each of the Paris Expo sites is active in these three segments.

The majority of the French offer of large exhibition venues is located in the Paris region, with three out of the four major French exhibition venues (Paris Expo Porte de Versailles, Paris Nord - Villepinte and Le Bourget).

Trade show organisation

Exposium, Reed Exhibitions and Comexpo are among the main players in the French trade show organisation market.

The trade show organisation market is still quite fragmented with a number of independent players and medium sized trade show organising companies.

General macroeconomic context

The convention-exhibition market is influenced by the general performance of the economy as measured by GDP growth, interest rate and to a lower extent by inflation.

The seasonality of the convention-exhibition business is very specific, with many events taking place during the same periods of the year. Seasonality of conventions and corporate events is lower, which explains the complementary nature of these activities with the exhibition venue business.

As a general rule, trade shows (both in terms of venue management and organisation) tend to be less cyclical than other services, since reservations are usually made at a very early stage before the exhibition. However, it is observed that a moderate GDP growth tends to reduce companies' overall communication budgets. Convention and corporate businesses show more sensitivity to economic cycles.

Strategy

Similar to its strategy in its retail and office divisions, Unibail-Rodamco's policy for its convention and exhibition venues is to focus on prime, irreplaceable assets with a leading competitive edge.

The Convention and Exhibition Division is benefiting from the synergies created between its seven French venues, all in prime locations in Paris and the La Défense district and held under the Paris-Expo brand name. This focus on prime assets in the Paris area ensures the resilience of cash flows thanks to a strong repeat business with some recurring tradeshow organised in the Paris Expo venues for more than forty years. Moreover, there are significant opportunities to gain new tradeshow and further room to improve the yield management. In a fast expanding market in France and abroad, the strategy of Paris-Expo consists of constantly improving the attractiveness of its venues to meet the needs of organisers, exhibitors and visitors.

Property Services

Property management and maintenance services cover the activities of two Unibail subsidiaries: Espace Expansion and S2B. They include:

- Services to owners of office buildings and shopping centres: management of facilities and co-ownership syndicates, technical management, operating expenses management, leasing activities (shopping centres only) and project development.

- Services to tenants: management of retailers' associations and services to occupiers of office buildings. Other services are provided by U2M (Unibail Marketing & Multimedia) which develops marketing strategies in shopping centres and convention centres, and leases advertising materials.

Finance Leasing

As a former SICOMI, Unibail-Rodamco continues to hold residual crédit-bail or finance lease contracts.

Offices

Unibail-Rodamco's active partnership with EPAD⁹ as part of its plan launched in 2006 to revitalise La Défense has put the Group at the heart of the process of renovating this business district:

- Development of the project *Tour Phare* to build a 300 metre-high tower, next to the Cnit.
- In the immediate vicinity of the Tour Ariane, Unibail is the owner of an area of wasteland on which the construction of an office tower of 65,400 m² is planned. This tower, called *Tour Majunga*, should be part of the modernisation of the pedestrian walkways between the Puteaux-Villages and the Esplanade, through new panoramic stairs and lifts.

In the district named "Chantiers" of Versailles, Unibail is launching a mixed retail and office project of 35,700 m² in the city-centre conservation zone, nearby to the Château.

⁹ EPAD: The Public Body for the Development of La Défense

Lastly, 24 rue de Villeneuve in Clichy, which is close to the metro station and Paris city ring road, will provide 13,500 m² of modern and highly efficient work space in a highly dynamic area of the Paris region. Construction works have started in 2006 for an expected delivery in Q1 2008.

Anticipated sources of funds

To finance those new developments, in addition to potential debt increase, the Group will in particular use recurring cash flows and disposals of mature assets.

Significant recent developments

Project of merger of CCIP and Unibail

The CCIP and the Unibail Group signed in June 2007 an agreement to merge all of their operations in the convention-exhibition sector. This agreement is subject to relevant authorisation (expected effectiveness January 2008).

The merger would include the following properties: CCIP's Palais des Congrès in Paris, Parc d'Expositions of Paris-Nord-Villepinte, Palais des Congrès of Versailles, Parc des Expositions of Paris Le Bourget and Comexpo, as well as Unibail's Paris-Expo (Espace Champerret, CNIT La Défense, Carrousel du Louvre, Espace Grande Arche, Porte de Versailles and Palais des Sports) and Expositium. Both partners would hold a 50 per cent. stake in those activities.

The transaction would have the following objectives:

- to provide Paris and the Paris region with enhanced resources to play a major role in European and international competition, with a long term outlook,
- to create a European leader in the convention-exhibition sector, by proposing a more attractive offer, rapidly expanding the size of exhibition and meeting venues to host very large scale events, providing more innovative and higher quality services and calendar dates on offer, etc.,
- to favour the creation of new events.

Disposal of Coeur Défense, La Défense, France

On 26 March 2007, Unibail and the Whitehall funds, owners respectively of a 49 per cent. and a 51 per cent. equity stake in SCI Karanis, the company that owns the Coeur Défense office complex, signed a sale and purchase agreement with Lehman Brothers Real Estate Partners and Atemi, subject to anti-trust clearance, to sell the company. As part of the transaction, Unibail's participation in the subordinated loan to SCI Karanis will be reimbursed. The sale, which was concluded on 10 July 2007, values the asset at EUR 2.11 billion.

Disposal of Chelles 2, Paris region, France

The shopping centre Chelles 2, which was under a sale agreement as at 31 December 2006, was sold for EUR 88.1 million on 19 January 2007, a 17.7 per cent. gain compared to the value recorded on the balance sheet as at 31 December 2005. The buyer disposed of several lots in the Vélizy 2 shopping centre area to Unibail as part of this deal.

Disposal of Robeco-Huis, Rotterdam, The Netherlands

The office building at Coolingsingel 120 in Rotterdam, the Netherlands – also known as Robeco-Huis – was sold on 11 January 2007 to KanAm Grundinvest for an amount of approximately EUR 75 million. The transaction took place at a net initial yield of 5.3 per cent.. The Robeco-huis, until 2016 leased to Robeco (part of the Rabobank Group), consists of office space with a total GLA of approximately 19,000 m² and an underground parking with 185 places. The transfer of ownership will be effective as of 25 June 2007.

Acquisition of Docks Vauban, Le Havre, France

On 18 June 2007, Rodamco strengthened its position as a major investor in retail in France by agreeing to acquire the Docks Vauban, a shopping and leisure centre to be built in the Le Havre harbour area. Vinci Immobilier and ING Real Estate Development have signed an agreement with Rodamco to sell the project for an amount of EUR 97 million. The former Le Havre docklands will be entirely renovated and developed into a 66,000 m² retail and leisure centre including some cultural facilities. The developers retained Vinci Construction to be in charge of the renovation and refurbishment works, which have already started. Completion is scheduled for late 2008.

Exchange Public Offer on Rodamco's share

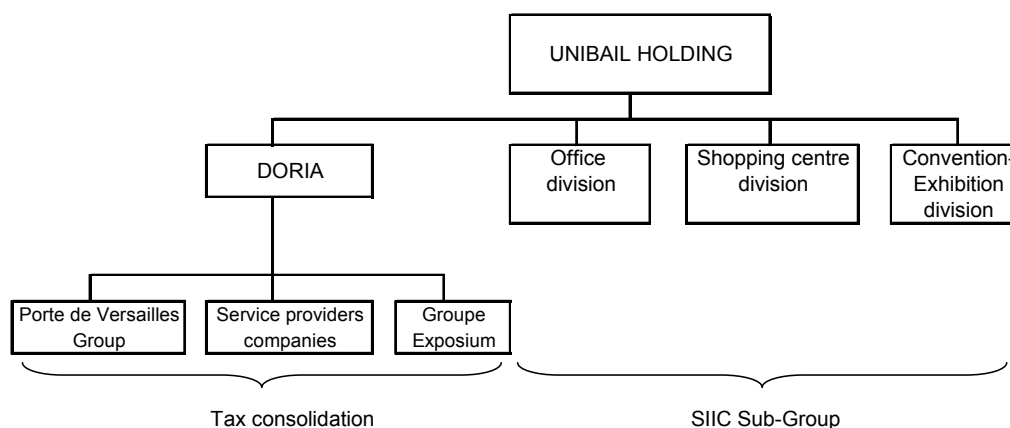

On 10 April 2007, Unibail announced that it was launching a Public Exchange Offer on all Rodamco shares. The transaction was launched on 21 May 2007 with the first acceptance period ending on 20 June 2007 and the second acceptance period starting on 22 June 2007 and closing on 10 July 2007. During the first acceptance period 79.63 per cent. of Rodamco outstanding shares were tendered and 16.11 per cent. additional shares were tendered during the second period for a total of 95.74 per cent. Corporate governance

Unibail-Rodamco adopted Corporate Governance guidelines in 1995 and has updated its rules regularly, in line with recommendations made in the AFEP-MEDEF reports on Corporate Governance for listed companies¹⁰. Also, since its listing on the Dutch Market Place, it has respected the specific rules of the Financial Supervision Act.

Corporate Governance was already a genuine priority for Unibail and is now the same for Unibail-Rodamco. This Corporate Governance also complies with the best practices on the Paris, the Amsterdam and the Frankfurt Market Place and often exceeds recommendations and requirements. Unibail-Rodamco keeps abreast of the latest research published in France and abroad to ensure that its Management Board and Supervisory Board act appropriately and to enhance the quality of its financial information.

In 2003, Unibail adhered to the United Nations Global Compact (UNGC), which promotes nine principles of good governance in the fields of human rights, labour conditions and environmental practices. By signing this agreement, Unibail committed itself to achieving sustained improvement in its governance practices in these areas. Nothing has changed in this area since the merger.

Unibail-Rodamco has also adopted a Code of Ethics to emphasise the importance it attaches to the values and rules each member of Unibail-Rodamco should respect in his/her work. These values and rules, shared by the management and by the entire workforce, should guide the conduct of each individual when employed by Unibail-Rodamco or using the Unibail-Rodamco name.

Information on ORA

The ORAs are redeemable bonds issued in exchange for existing outstanding Rodamco shares. Each ORA was issued at its nominal value; the nominal value of each ORA is equal to the unitary issue price of the new shares of Unibail. Each ORA will be redeemed by the delivery to the ORA holder of one Unibail ordinary share. This redemption ratio may subsequently be adjusted.

In the Exchange Offer initiated by Unibail on Rodamco, and in line with the resolutions voted at Unibail's General Meeting on 21 May 2007, at the request of Rodamco Shareholders for Unibail ORA, 9,363,708 ORA have been issued following the first acceptance period.

The ORAs have a fifty year term as from their issue date and can be fully redeemed only for Unibail shares at any time after the expiry of a non-redemption period of three months from the date of issue of the ORA.

Unibail-Rodamco has the right to demand the redemption (in shares only) of the ORA on the first final cash amount payment date falling after the expiry of a period of 12 years following the ORA issue date.

TAXATION

The statements herein regarding taxation are based on the laws in force in France and/or, as the case may be, the Grand Duchy of Luxembourg as of the date of this Programme and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the Luxembourg or, as the case may be, the French tax consequences of any investment in or ownership and disposition of the Notes.

EU Directive on the Taxation of Savings Income

On 3 June 2003, the European Council of Economics and Finance Ministers adopted the Directive 2003/48/EC on the taxation of savings income (the “**Savings Directive**”). Pursuant to the Savings Directive and subject to a number of conditions being met, Member States are required, since 1 July 2005, to provide to the tax authorities of another Member State, *inter alia*, details of payments of interest within the meaning of the Savings Directive (interest, products, premiums or other debt income) made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State (the “**Disclosure of Information Method**”).

For these purposes, the term “paying agent” is widely defined and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit of an individual.

However, throughout a transitional period, certain Member States (the Grand-Duchy of Luxembourg, Belgium and Austria), instead of using the Disclosure of Information Method used by other Member States, unless the relevant beneficial owner of such payment elects for the Disclosure of Information Method, withhold an amount on interest payments. The rate of such withholding tax equals 15 per cent. during the first three years, 20 per cent. during the subsequent three years and 35 per cent. until the end of the transitional period.

Such transitional period will end at the end of the first full fiscal year following the later of (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the European Council, and the last of Switzerland, Liechtenstein, San Marino, Monaco and Andorra, providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on 18 April 2002 (the “**OECD Model Agreement**”) with respect to interest payments within the meaning of the Savings Directive, in addition to the simultaneous application by those same countries of a withholding tax on such payments at the rate applicable for the corresponding periods mentioned above and (ii) the date on which the European Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Savings Directive.

A number of non-EU countries and dependent or associated territories have agreed to adopt similar measures (transitional withholding or exchange of information) with effect since 1 July 2005. As regards Luxembourg taxation, the Savings Directive and several agreements concluded between Luxembourg and certain dependent territories of the European Union were implemented in Luxembourg law by the laws dated 21 June 2005 (the “**Laws**”).

France

The Savings Directive was implemented into French law under article 242 *ter* of the French *Code Général des Impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Unibail-Rodamco has been advised that payments of interest and other revenues with respect to Notes which constitute *obligations* under French law and are issued or deemed to be issued by the Issuer outside the Republic of France benefit from the exemption from deduction of tax at source on interest set out under Article 125 A III of the French *Code Général des Impôts*, as provided for in Article 131 *quater* of the French *Code Général des Impôts*. Accordingly, such payments do not give the right to any tax credit from any French source.

Notes constituting *obligations* under French law will be issued (or deemed to be issued) outside France by the Issuer (i) in the case of syndicated or non-syndicated issues of Notes, if such Notes are denominated in euro, (ii) in the case of syndicated issues of Notes denominated in currencies other than euro, if, *inter alia*, the Issuer and the relevant Dealers agree not to offer the Notes to the public in the Republic of France in connection with their initial distribution and such Notes are offered in the Republic of France only through an international syndicate to qualified investors (*investisseurs qualifiés*) as described in Article L. 411-2 of the French *Code monétaire et financier* (other than individuals) and the issue of Notes is not subject to the *Autorité des marchés financiers* (other than a submission to the *Autorité des marchés financiers* for the sole purpose of listing such Notes on Euronext Paris S.A.) or (iii) in the case of non-syndicated issues of Notes denominated in currencies other than euro, if each of the subscribers of the Notes is domiciled or resident for tax purposes outside the Republic of France and does not act through a permanent establishment or fixed base therein, in each case as more fully set out in the Circular 5 I-11-98 of the *Direction Générale des Impôts* dated 30 September 1998.

The tax regime applicable to Notes which do not constitute *obligations* will be set out in the relevant Final Terms.

See “*Terms and Conditions of the Notes – Taxation*”.

Luxembourg

The comments below are intended as a basic summary of certain tax consequences in relation to the purchase, ownership and disposition of the Notes under Luxembourg law and do not purport to be complete or exhaustive. Persons who are in any doubt as to their tax position should consult a professional tax adviser. This description is not intended to constitute tax or legal advice by the Issuer.

Withholding tax

Under Luxembourg tax law currently in effect and with the possible exception of interest paid to individual Noteholders or Noteholders that are Residual Entities (as defined below), there is no withholding tax on payments of interest (including accrued but unpaid interest). There is also no Luxembourg withholding tax, with the possible exception of interest paid to individual Noteholders or Noteholders that are Residual Entities (as defined below), upon repayment of the principal in case of reimbursement, redemption, repurchase or exchange of the Notes.

Luxembourg non-resident individuals

Under the Savings Directive (as defined above) and the Luxembourg laws dated 21 June 2005 implementing the Savings Directive and several agreements concluded between Luxembourg and certain dependent territories of the European Union, a Luxembourg based paying agent (within the meaning of the Savings Directive) is required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State or a residual entity in the sense of article 4.2. of the Savings Directive (“**Residual Entities**”), established in another Member State of the European Union unless the beneficiary of the interest payments opts for the procedure of the exchange of information or for the tax certificate procedure. The same regime applies to payments to individuals or Residual Entities resident or established in certain dependent territories.

The withholding tax rate is initially 15 per cent. increasing steadily to 20 per cent. and to 35 per cent. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain other countries.

Luxembourg resident individuals

A 10 per cent. withholding tax has been introduced, as from 1 January 2006, on interest payments made by Luxembourg paying agents (defined in the same way as in the Savings Directive) to Luxembourg individual residents. Only interest accrued after 1 July 2005 falls within the scope of this withholding tax. Income from current accounts, provided that the interest rate is not higher than 0.75 per cent., are exempt from the withholding tax. Furthermore, interest which is accrued once a year on savings accounts (short and long term) and which does not exceed €250 per person and per paying agent is exempt from the withholding tax. This withholding tax represents the final tax liability for the Luxembourg individual resident taxpayers receiving the payment in the course of his/her private wealth.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an Amended and Restated Dealer Agreement dated 14 September 2007 (the “**Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations there under.

Each Dealer has agreed that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer, by the Fiscal Agent or, in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

European Economic Area

In respect of Notes the denomination per unit of which is less than Euro 50,000 (or its equivalent in another currency):

in relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”) following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive and ending on the date which is 12 months after the date specified in such Base Prospectus or Final Terms as applicable;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.
